

COMMEMORATED TODAY: Musicians Johann Sebastian Bach, Heinrich Schütz, and George Frederick Handel. These three German-born musicians have done much to enrich the life of the church. Schütz was an early master who focused on settings of biblical texts. Bach wrote over 300 cantatas along with works for organ and instrumental pieces, and has been called the "fifth evangelist" for the way he proclaimed the gospel in music. Handel's great work, *Messiah*, is a setting of scriptural texts.
